

# Bunny Clock Printable

Have fun learning to tell the time with our printable bunny clock for kids.

Just print out the clock face, bunny ears and clock hands and cut out. Laminate if you wish.

Punch a small hole in the centre of the clock and at the end of both hands - we have marked the spot where you punch by a tiny white circle.

Glue the ears in position on the back of the clock.

Attach the hands to the clock face with a split pin (brad), putting the hour (short) hand closest to the clock and the minute (long) hand on top.
