A	B	C	D	E	F	G	H	I	J	K	L	M
		A	C						E		S	W
N	O	P	Q	R	S	T	U	V	W	X	Y	Z

Hint 1: As you have the first letter of the fifth word, it should be easy to work out what the second letter is.

Hint 2: Now you know the first word too, and enough letters to work out the second word. You should also be able to work out the 6th word.

Hint 3: The third and eighth word both start with the same letter. If you read the sentence out loud, you might be able to work them out.

Hint 4: You have 3 of the 4 letters for the seventh word. What can it be?

Hint 5: For the last word, think about which letters are going to be consonants and which are vowels.
