

# Flower Clock Printable

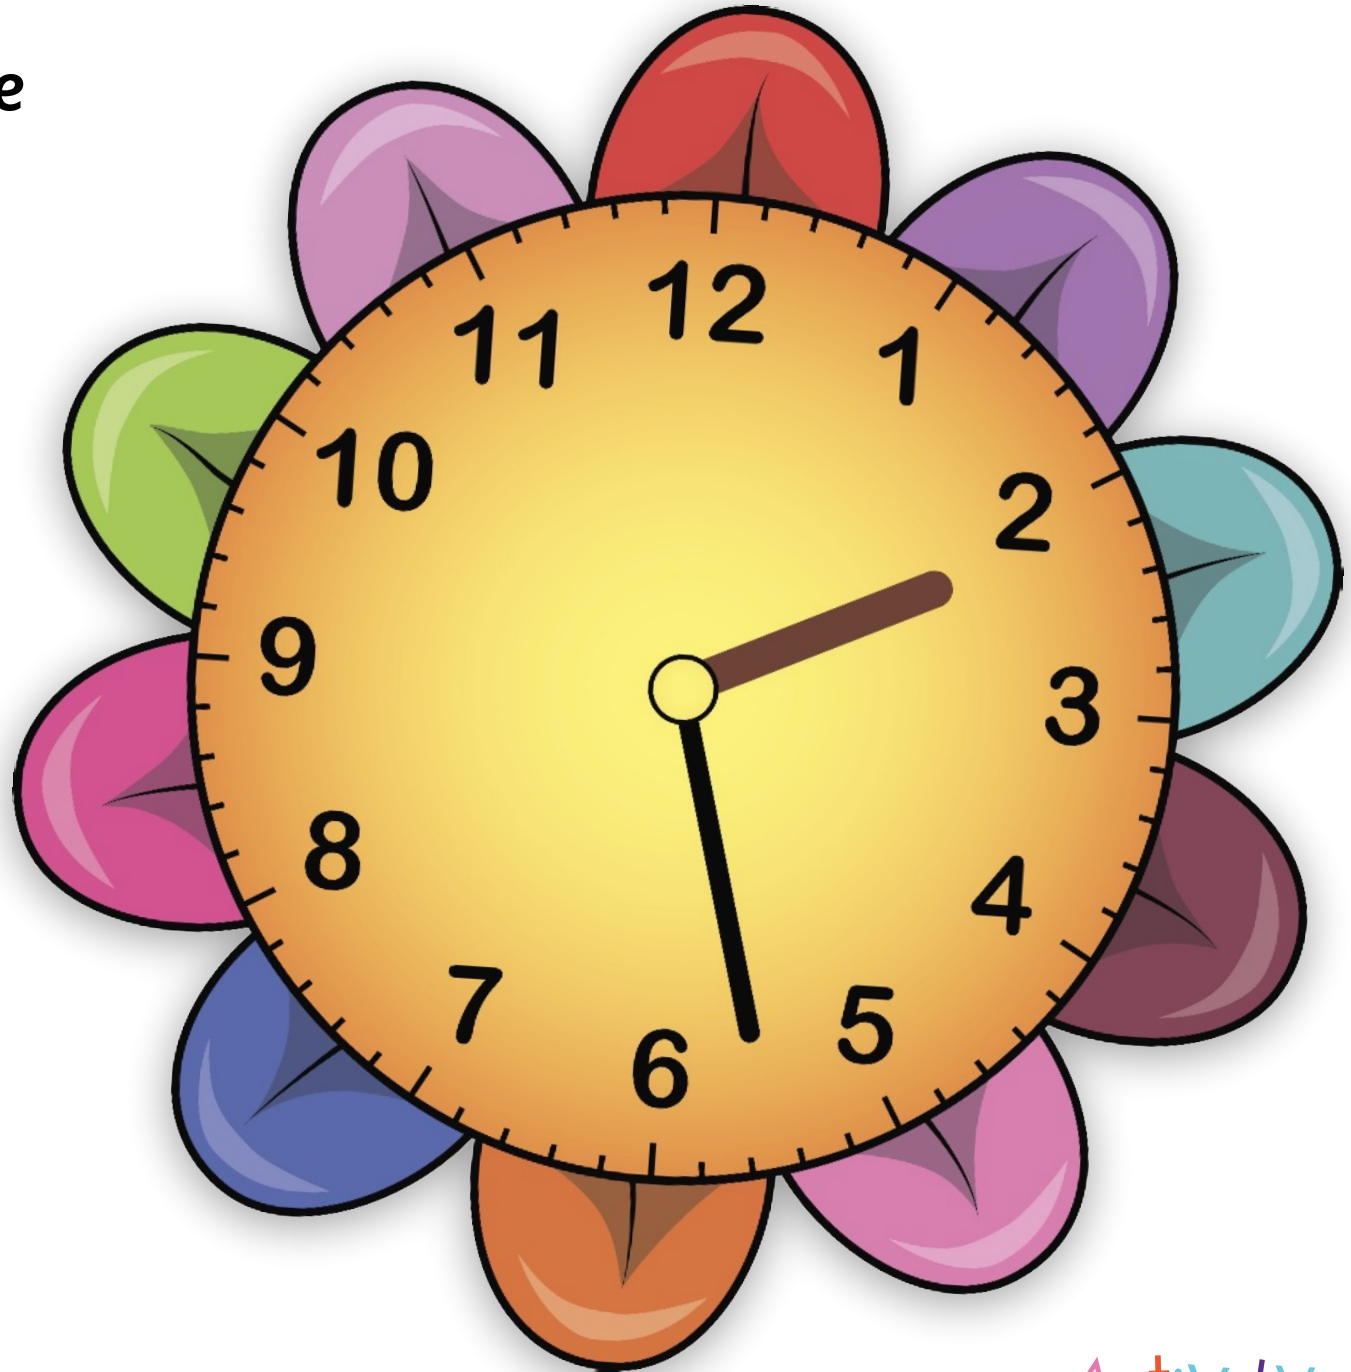

Have fun learning to tell the time with our printable flower clock for kids.

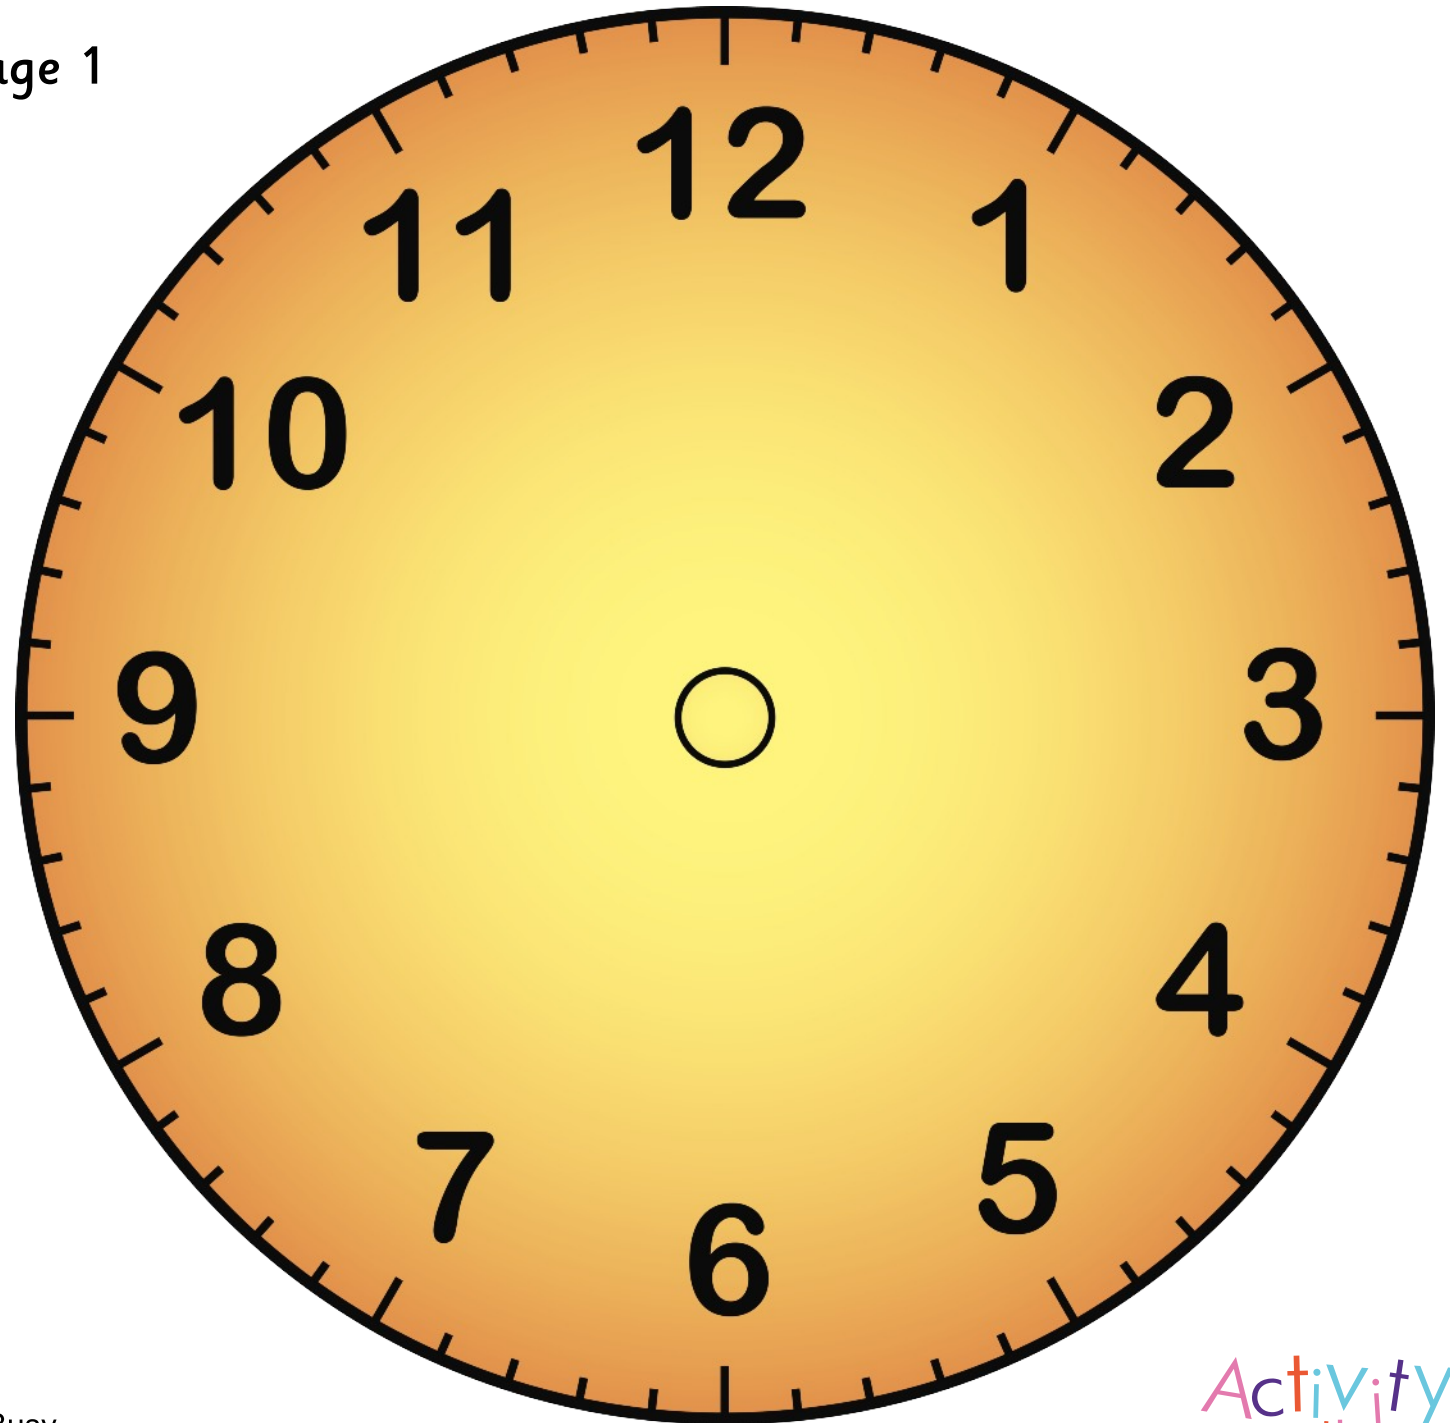

Just print out the clock face, petals and clock hands and cut out. Laminate if you wish.

Punch a small hole in the centre of the clock and at the end of both hands.

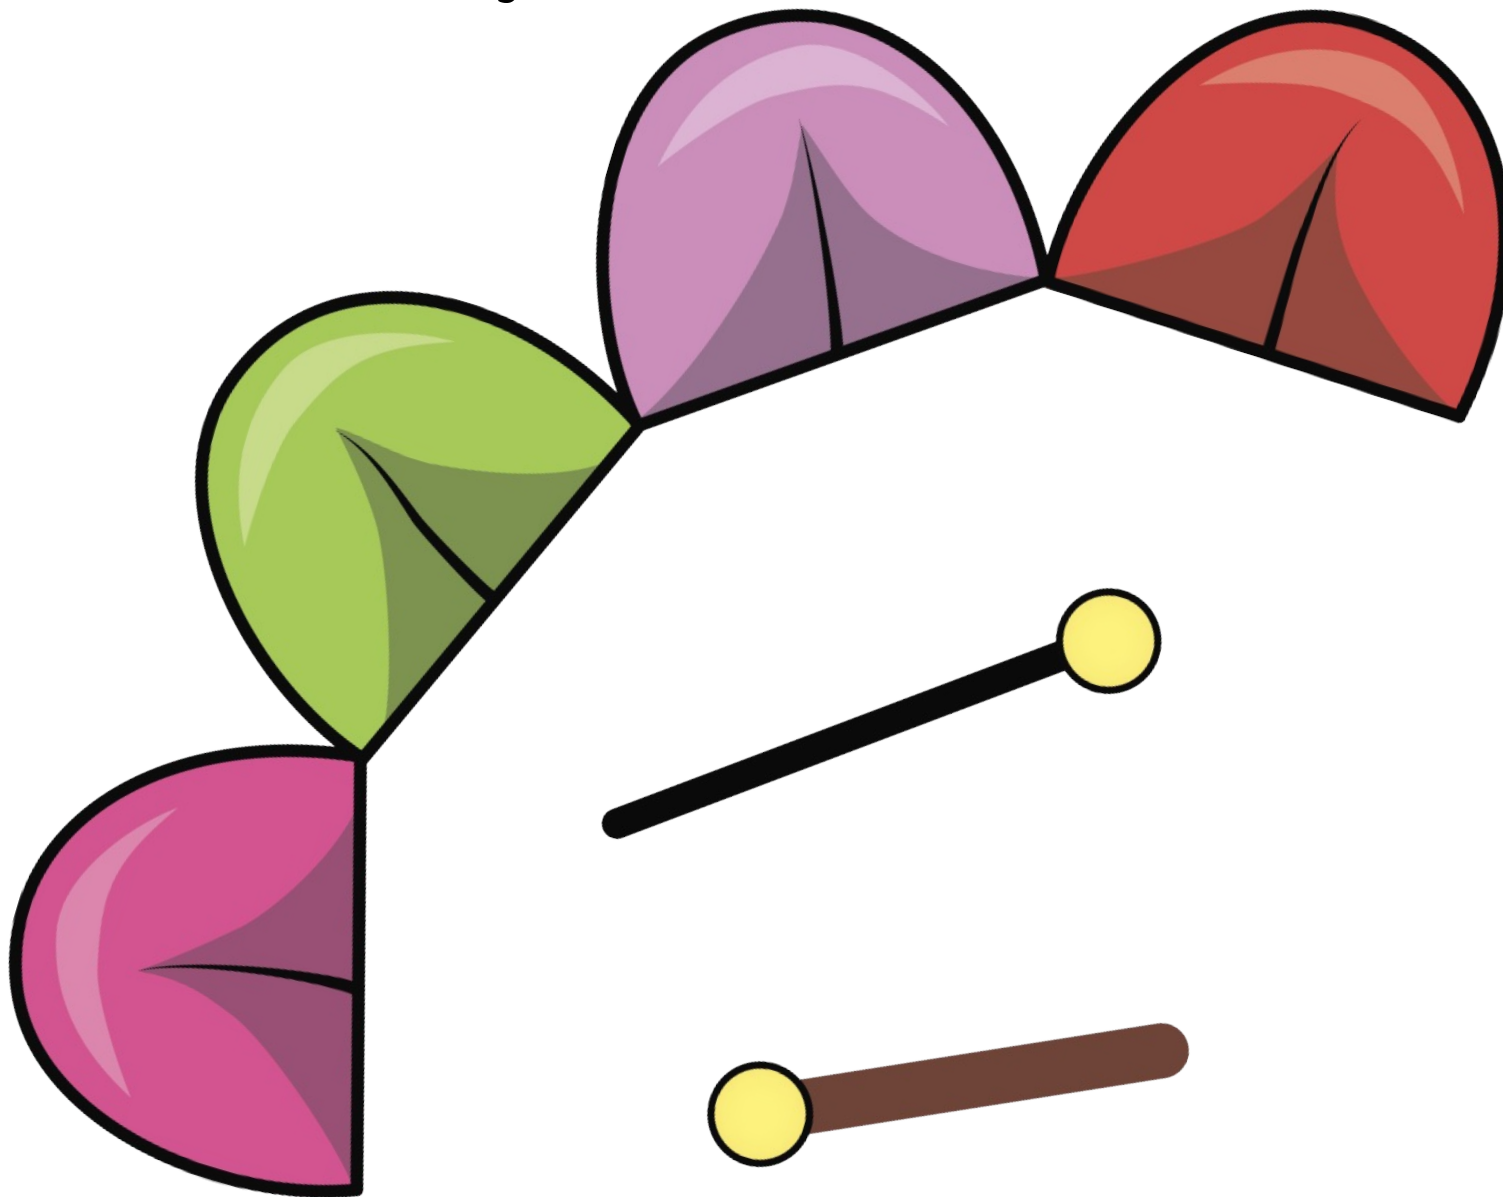

Glue the petals in position onto the back of the clock.

Attach the hands to the clock face with a split pin (brad), putting the hour (short) hand closest to the clock and the minute (long) hand on top.
