Teddy Bear Clock Printable

Have fun learning to tell the time with our printable teddy bear clock for kids.

Just print out the clock face, teddy bear's ears and clock hands and cut out. Laminate if you wish.

Punch a small hole in the centre of the clock and at the end of both hands.

Glue the ears in position onto the back of the clock, using this picture as inspiration.

Attach the hands to the clock face with a split pin (brad), putting the hour (short) hand closest to the clock and the minute (long) hand on top.
